

BRITE-MARK®

Industrial Valve Action Paint Markers

DYKEM® BRITE-MARK® Valve Action Paint Markers are general purpose markers that write on virtually any surface. The quick drying, oil-based paint withstands indoor and outdoor conditions. The marks remain true and will not fade, chip or lose opacity.

DYKEM® BRITE-MARK® markers can be used to permanently identify inventory, assemblies, tools, finished products or works-in-progress while resisting most work-related abuses or compounds.

BRITE-MARK®

Benefits:

- Makes permanent marks on metal, rubber, plastic, glass, concrete, leather, stone, wood, vinyl and more
- Medium tip for clear, bold markings
- Valve performance tip releases paint as needed for continuous, non-skip markings
- Valve action mechanism prevents paint in barrel from drying when cap is left off
- Heavy duty aluminium barrel has a large paint capacity and retains it's shape
- Ideal for colour coding
- Felt tips are replaceable to assure complete use of paint in each marker
- Normal drying time: approx. 25-35 seconds
